

**Waste Management (Collection Permit) Regulations, 2007 &
Waste Management (Collection Permit)(Amendment)
Regulations, 2008**

Waste Collection Permit

Permit Register Reference Number WCP-LK-10-637-01

Limerick County Council being a nominated authority under Section 34(1)(aa) of the Waste Management Acts 1996 to 2010, hereby grants a waste collection permit to:

Killarney Waste Disposal Ltd T/A KWD Recycling

herein after called the permit holder of;

Aughnacureen, Killarney, Co. Kerry,

subject to the attached schedule of conditions

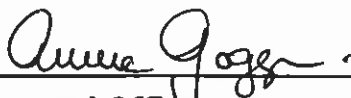

This permit is granted for period of five years and the expiry date is 22/06/2015
Limerick County Council may at any time review, and subsequently amend the conditions under Section 34(6) of the Waste Management Acts 1996-2010 and the Local Authority will give notice in writing of such intention to the permit holder. Otherwise an application for a review shall be made at least 60 days before the above expiry date to the RWMO, Limerick Co Co, Lissanalta Hse. Dooradoyle, Limerick .This permit may be revoked under Article 29 of the Waste Management (Collection Permit) Regulations, 2007 and Waste Management (Collection Permit) (Amendment) Regulations, 2008 at any time.

The Permit Holder is authorised by this permit to collect specified waste type(s) using vehicle(s) specified in the following local authority areas:

Carlow County Council
Cavan County Council
Clare County Council
Cork City Council
Cork County Council
Donegal County Council
Dublin City Council
Dun Laoghaire-Rathdown County Council
Fingal County Council
Galway City Council
Galway County Council
Kerry County Council
Kildare County Council
Kilkenny County Council
Laois County Council

Leitrim County Council
Limerick City Council
Limerick County Council
Longford County Council
Louth County Council

Monaghan County Council
North Tipperary County Council
Offaly County Council
Roscommon County Council
Sligo County Council
South Dublin County Council
South Tipperary County Council
Waterford City Council
Waterford County Council
Westmeath County Council
Wexford County Council
Wicklow County Council

Signed on behalf of said Councils

Approved Officer

Order No. 182/2010

Date 23rd June 2010

The permit holder may appeal the conditions attached to this permit, in accordance with Section 34(9)(a) of the Waste Management Acts, 1996 to 2010, to the Judge of the Limerick District Court, being the District Court in which the principal office of Limerick County Council is situated, within one month of the date of this permit.

CONTENTS

Reason for the Decision

Interpretation

Conditions

- 1 Scope of Permit
- 2 Management of the Waste Collection Activity
- 3 Vehicles, Skips and Receptacles
- 4 Notification and Record Keeping
- 5 Charges and Financial Provisions
- 6 Conditions Specific to Waste Types
 - 6.1 Commercial and Industrial Waste
 - 6.2 Construction and Demolition Waste
 - 6.3 End of Life Vehicles
 - 6.4 Hazardous Waste (includes waste asbestos, Waste batteries and healthcare waste)
 - 6.5 Household Waste
 - 6.6 Sludges/Slurries and Septic Tank Waste
 - 6.7 Waste Electrical and Electronic Equipment
 - 6.8 Waste Oils
 - 6.9 Batteries and accumulators
 - 6.10 Waste tyres
 - 6.11 Animal by-products
 - 6.12 Incineration waste
 - 6.13 Bulky municipal waste

APPENDIX

- A Permitted waste types in accordance with Condition 1.2
- B Permitted disposal/recovery sites to be used in accordance with Condition 2.3
- C Permitted collection vehicles to be used in accordance with Condition 3.1
- D Minimum list of waste types to be included in dry recyclable collection

- E Provisions of Community Acts, which are to be given effect to in relevant waste collection permits granted by a local authority.

REASON FOR THE DECISION

Limerick County Council is satisfied, on the basis of the information available, that subject to compliance with the conditions of this permit, the activity will not cause environmental pollution and the grant of this permit is in accordance with the objectives of the Replacement Waste Management Plan for the Limerick/Clare/Kerry Region 2006 -2011 and all other relevant Waste Management Plans applicable to the local authority areas listed on the cover page of this permit and the current National Hazardous Waste Management Plan.

In reaching this decision, Limerick County Council has considered the application and supporting documentation received from the applicant and valid submissions received from the relevant local authorities, the Environmental Protection Agency (EPA) and other parties.

INTREPRETATION

All terms in this permit should be interpreted in accordance with the definitions in the Waste Management Acts 1996 to 2010 (the Act), and its associated regulations or as defined in this permit.

References to any enactment, statutory instrument or bye-law in this permit shall include amendments and replacements.

References in this permit to Limerick County Council shall be taken to mean Limerick County Council as nominated authority for the Mid-West Region under Section 34(1)(aa) of the Waste Management Act, 1996 to 2010 and pursuant to Article 5(2) of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 or such other authority as may be nominated for the Mid-West Region under this provision.

DEFINITIONS

ORGANIC WASTE : Organic waste is putrescible waste and waste that readily undergoes anaerobic or aerobic decomposition through a biological treatment and largely consists of food and garden waste.

INSTRUCTIONS

Sections 1 – 5 of this collection permit sets out for the permit holder general conditions relating to the collection of waste and all conditions are to be complied with.

Section 6 of this collection permit sets out for the permit holder general conditions for the collection of specific waste streams. All conditions set out in this section are to be complied with in conjunction conditions set out in Section 7 and all other conditions in the Collection Permit.

Section 7 of this collection permit sets out for the permit holders regional specific conditions for the collection of particular waste streams in accordance with the relevant waste management plan for that region. Conditions in Section 7 shall take precedence in relation to the collection of waste in that region notwithstanding all other conditions of the collection permit.

CONDITIONS

1.0 SCOPE OF PERMIT

- 1.1 The permit holder is authorised to collect only the wastes specified in condition 1.3 in the local authority areas of

Carlow County Council
Cavan County Council
Clare County Council
Cork City Council
Cork County Council
Donegal County Council
Dublin City Council
Dun Laoghaire-Rathdown County Council
Fingal County Council
Galway City Council
Galway County Council
Kerry County Council
Kildare County Council
Kilkenny County Council
Laois County Council
Leitrim County Council
Limerick City Council
Limerick County Council
Longford County Council
Louth County Council
Mayo County Council
Meath County Council
Monaghan County Council
North Tipperary County Council
Offaly County Council
Roscommon County Council
Sligo County Council
South Dublin County Council
South Tipperary County Council
Waterford City Council
Waterford County Council
Westmeath County Council
Wexford County Council
Wicklow County Council

- 1.2 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.7 of this Permit.
- 1.3 The permit holder shall only collect such wastes which are listed in Appendix A to this permit or such later revision to the said Appendix as Limerick County Council may issue by way of revised Appendix A.
- 1.4 The permit holder shall give notice in writing to Limerick County Council of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of Limerick County Council before implementing any such change.
- 1.5 This permit and any condition imposed therein shall not relieve the permit holder of any statutory obligations.
- 1.6 Any non-compliance with the conditions of this permit are an offence under the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 and Section 34(1) of the Waste Management Act, 1996 to 2010.
- 1.7 This permit is non-transferable.

2.0 MANAGEMENT OF THE WASTE COLLECTION ACTIVITY

- 2.1 Without prejudice to its obligations under this permit, the permit holder shall at all times ensure that it carries on its waste collection activities in a manner that is consistent with the objectives of the Replacement Waste Management Plan for the Limerick/Clare/Kerry Region 2006-2011 (as may be varied or replaced from time to time) and all other relevant waste management plans (as may be varied or replaced from time to time) and with the objectives of the current National Hazardous Waste Management Plan.
- 2.2 The permit holder shall ensure that where waste collected under this permit is transferred to an authorised facility for the purpose of a recovery or disposal activity-
- (i) There is in force a waste licence, waste facility permit, certificate of registration or IPPC licence in relation to the carrying on of the activity concerned at that facility, unless such activities are exempted from regulation under the Waste Management Acts, 1996 to 2010
 - (ii) That planning permission, or a certificate of exemption from such permission, is in place for such a facility
- 2.3 The permit holder may not transfer waste to an authorised facility under condition 2.2 of this permit unless the waste activity at that facility is authorised under:
- (i) Section 39(1) of the Act, in the case of a facility subject to licensing, OR
 - (ii) Section 82 of the Environmental Protection Agency Act 1992 to 2007, OR
 - (iii) Article 6 of the Waste Management (Facility Permit and Registration) Regulations, 2007 and Waste Management (Facility Permit and Registration) (Amendment) Regulations, 2008 in the case of an activity specified in Part I or Part II of the third schedule of the said Regulations. OR
 - (iv) Article 4 of the Waste Management (Permit) Regulations, 1998 in the case of an activity specified in Part I or Part II of the first schedule of the said Regulations. OR
 - (v) article 7 of the Waste Management (Registration of Sewage Sludge Facility) Regulations 2010, or
 - (vi) Other facilities as agreed by the nominated authority.
- 2.4 The permit holder shall only transfer waste to the authorised facilities, which are listed in Appendix B of this permit or such later revision of the said Appendix as Limerick County Council may issue.

- 2.5 Where the permit holder proposes to transfer waste to facilities other than those set out in Appendix B, the permit holder shall, submit the following details in writing to Limerick County Council and these facilities shall not be used until written agreement is received from the local authority:
- (i) Origin of waste material.
 - (ii) Description of waste including European Waste Catalogue (EWC) code.
 - (iii) Location, ownership details, and contact number of the authorised facility
 - (iv) Waste permit or license details of the authorised facility.
 - (v) Written confirmation from the operator of the authorised facility that the said waste will be accepted there.
 - (vi) Planning permission reference number or a certificate of exemption from such permission for the authorised facility
- 2.6 The permit holder shall carry or cause to be carried at all times a copy of this permit including the latest revision of all appendices on each vehicle listed in Appendix C.
- 2.7 Where any local authority, for the purposes of the proper management of waste and the prevention and control of environmental pollution, has made bye-laws relating, inter alia, to the storage, presentation and/or segregation for the purpose of and in the course of the collection of waste or for the recovery or disposal of waste in accordance with Part 19 of the Local Government Act, 2001 (in substitution for Part VII of the Local Government, 1994) or in accordance with Section 35 of the Waste Management Acts 1996 to 2010 (hereinafter referred to as 'bye-laws'), the permit holder shall not collect waste in the functional area of the said local authority unless it has been presented and/or segregated in accordance with the requirement of the said bye-laws.
- 2.8 Where household or commercial waste has been segregated prior to collection, the permit holder shall ensure that this fraction is separately collected in its entirety, not remixed and transferred to a suitable authorised facility as referred to in Condition 2.4 of this permit.
- 2.9 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.
- 2.10 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall provide for as a minimum an emergency response unit, replacement vehicles, clean-up equipment, etc in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder.
- 2.11 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with and comprehend the conditions of this permit and the ERP.

- 2.12 The permit holder shall clean up immediately any spillage of waste, which occurs in the course of the collection operation, in a manner which will not cause environmental pollution. The permit holder shall carry an emergency spillage kit on each vehicle listed in Appendix C of this permit or such later revision of the said appendix as Limerick County Council may issue, at all times, to deal with minor spillages.
- 2.13 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.
- 2.14 The permit holder shall include their permit number, name of the issuing authority, and the name of the legal entity to whom the permit has been issued in all promotional material, dockets and correspondence issued by the permit holder in accordance with this permit.
- 2.15 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of groundwater in accordance with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances and Directive 2006/118/EC of the European Parliament and of the Council on the protection of groundwater against pollution and deterioration and also with Council Directive 2000/60/EC of the European Parliament and of the Council establishing a framework for community action in the field of water policy.
- 2.16 The permit holder shall ensure that where biowaste collected under the waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where animal by-products form all or part of that biowaste, that the facility has been approved in writing by the nominated authority for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Minister for Agriculture and Food in accordance with Article 10 (6) of the European Communities (Transmissible Spongiform Encephalopathies and Animal By- Products) Regulations 2006 (S.I. No. 612 of 2006)

- 2.17 The permit holder, having regard to the waste hierarchy shall take steps to ensure that all, or a specified proportion of waste collected by the permit holder, or of any class or classes of such waste, is source-segregated, treated or recovered in such a manner so as to secure the objectives of the Replacement Waste Management Plan for the Limerick/Clare/Kerry Region 2006 -2011 and all other relevant Waste Management Plans applicable to the local authority areas listed on the cover page of this permit and all National and EU targets for the recovery, recycling and treatment of waste. In particular the permit holder shall ensure that waste is:
- (a) where practicable and having regard to the waste hierarchy, delivered to facilities which reuse, recycle or recover waste.
 - (b) presented, collected, handled and transported in a form which enables the facilities to which the waste is delivered to comply with specific conditions contained in, as the case may be, the waste licence, IPPC licence, waste facility permit or certificate of registration in relation to performance targets established for the levels of recycling or recovery of waste.
- 2.18 The Permit Holder shall ensure that where waste that has been source segregated by the waste producer, it shall not be sent for disposal or collected, transported, mixed or handled so as to make it unsuitable for recycling or recovery by the permit holder.
- 2.19 The permit holder shall ensure at all times that waste collection activities are carried out in accordance with the provisions of Council Directive 75/442/EEC of 15 July 1975 on waste as amended by Council Directive 91/156/EEC of 18 March, 1991 and codified under Directive 2006/12/EC of the European Parliament and of the Council of 8 December 2003 and Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 as applicable.
- 2.20 Waste must be collected from a customer's premises or a location adjacent to a customer's premises unless otherwise agreed with the relevant Local Authority.
- 2.21 The time(s) of waste collection in the central commercial districts of Limerick City, Tralee and Killarney shall have to be agreed in writing with the relevant Local Authority or Town Council, in advance of any waste collection.
- 2.22 In order to meet the objectives of the Replacement Waste Management Plan for the Limerick/Clare/Kerry Region 2006 -2011 (as may be varied or replaced from time to time) the Mid-West Region may at a later date, where practicable and having regard to the waste hierarchy nominate facility/facilities to which specific waste collected in the region must be delivered to in order to ensure the waste is reused, recycled or recovered.

3.0 VEHICLES, WHEELED BINS, SKIPS AND RECEPTACLES.

- 3.1 The permit holder shall only use the vehicles that have been notified in writing to Limerick County Council and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said appendix as Limerick County Council may issue, by way of revised Appendix C following the application therefore by the permit holder, for the purposes of the activity to which this permit relates. Vehicles listed in Appendix C may not be included in any other waste collection permit at any one time other than a waste collection permit issued to the same legal entity in a different region.
- 3.2 The permit holder shall notify Limerick County Council in advance of the type and identifying mark of any collection vehicle to be owned or hired/leased and used for the collection of waste under the terms of the permit, including particulars of the relevant vehicle registration document.
- 3.3 The permit holder shall notify Limerick County Council of the type and identifying mark of any collection vehicle which is being hired/leased in on a temporary basis from a third party by the permit holder and used for the collection of waste under the terms of the permit, within 1 working day of the hire/lease of such a vehicle, including particulars of the relevant vehicle registration document.
- 3.4 All vehicles, skips, tankers, trailers or containers used by the permit holder for the purposes of the activity to which this permit relates, shall be fit for purpose.
- 3.5 All vehicles, skips, tankers, trailers or containers used for purposes of the activity to which this permit relates shall be generally well maintained and clean, washed down as required in an appropriate manner and at an appropriate facility so as not to result in environmental pollution.
- 3.6 Each vehicle used for the purposes of the activity to which this permit relates and that is listed in Appendix C of this permit or such later revision of the said Appendix as Limerick County Council may issue, shall be marked with the following information in clearly legible indelible lettering at least 75 millimetres high:
 - (i) Name of the permit holder;
 - (ii) Waste collection permit number.
- 3.7 Each skip, tanker or container used for the purposes of the activity to which this permit relates, unless otherwise approved by Limerick County Council in writing, shall be marked on at least two sides with the following information in clearly legible indelible lettering at least 75 millimetres high:
 - (i) Name of the permit holder;
 - (ii) Waste collection permit number.
 - (iii) A unique identification number for the skip, tanker, trailer or container.

- 3.8 Municipal wastes (including dry recyclables and organic waste) shall only be collected in the following receptacles unless otherwise agreed in writing with the Local Authority and subject to as maybe otherwise provided in this permit: -
- (a) Wheeled hinged lid bins
 - (b) Skips
 - (c) Trailers
 - (d) Tankers
 - (e) Tipper Trucks
- 3.9 The permit holder shall ensure that all vehicles including skips and trailers transporting waste are appropriately covered during transit to prevent spillage and litter nuisance.
- 3.10 The permit holder when using a skip or other such receptacle (including skip bag) for the purposes of the activity to which this permit relates shall provide the hirer, with a written agreement detailing:
- (i) The types of wastes, which may be placed in the skip as, listed in Appendix A of this permit or such later revision of the said Appendix.
 - (ii) That the receptacle shall be removed, as soon as is practicable after it has been fully loaded, unless otherwise agreed in writing with the Local Authority
- 3.11 The permit holder shall ensure that skips and other such receptacles (including skip bag) left in a public place (as defined in the Litter Pollution Acts 1997 and 2003) shall carry reflectors or lighting so that they are clearly visible during a period when vehicles are required to be lighted.
- 3.12 The permit holder shall notwithstanding the provisions of any bye-law made under Section 72 of the Roads Act 1993 ensure that skips and other such receptacles (including skip bag) left on a public road shall be sited or deposited for no more than 3 days
- 3.13 No skip, tanker, trailer or container used for the purposes of the activity to which this permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 and 2003), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to an authorised facility as listed in Appendix B of this permit or such later revision of the said Appendix.
- 3.14 All bins for the collection of municipal waste (residual, dry recyclables and organic waste) must be wheeled hinged lid bins and shall comply with standard I.S. EN840 parts 1-6, unless otherwise agreed with Limerick County Council.

- 3.15 All waste receptacles for municipal waste (including separately collected fractions) shall be identified with the name, address and telephone number of the permit holder in clearly legible lettering and a unique customer reference number. The permit holder shall supply the name and address of a customer to whom a reference number applies on request. The permit holder shall submit written details of the identification system to Limerick County Council for approval on request.
- 3.16 Where the permit holder provides segregated collections for different types of recyclable, compostable or recoverable materials, they shall provide waste recycling receptacles, which are designed for reuse, unless otherwise agreed with the local authority.

4.0 NOTIFICATION AND RECORD KEEPING

- 4.1 The permit holder shall notify Limerick County Council in relation to any conviction for an offence prescribed under Article 21 of the Waste Management (Collection Permit) Regulations, 2007 and Waste Management (Collection Permit)(Amendment) Regulations, 2008 or any requirement of an order under the Waste Management Acts 1996 to 2010, within five working days of such a conviction or the imposition of such a requirement.
- 4.2 The permit holder shall notify the relevant local authority (i.e. the local authority in whose area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity that caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to Limerick County Council within 1 week of the incident. This written record of the incident shall include the following information:
- (i) The date, time and location of the incident,
 - (ii) A full description of the incident,
 - (iii) Details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident, and
 - (iv) Details of steps taken to avoid recurrence of similar incidents.
- 4.3 The permit holder shall compile and maintain specified records for the collection of waste, for a period not less than 7 years, records shall include as a minimum the following:
- (i) The name and waste collection permit number of the permit holder
 - (ii) Date of waste collection,
 - (iii) Vehicle Registration Number of the vehicle
 - (iv) Customer name and address
 - (v) Quantity of waste collected from the customer (in units of tonnes or litres)
 - (vi) The local authority area of origin of the waste,
 - (vii) Description of waste including European Waste Catalogue (EWC) code and indicate whether or not the waste is hazardous.
 - (viii) The source of the point of collection of waste i.e. household premises, commercial premises

- (ix) The name, address and licence or permit or certificate of registration number of the waste facility to which the consignment of will be delivered,
 - (v) Quantity of waste delivered to the waste facility in units of tonnes or litres,
 - (vi) The nature of the activity carried on at the waste facility to which waste is delivered (i.e. Treatment, recovery or disposal).
 - (vii) Signature of the vehicle driver, and
 - (viii) Signature of a representative of the waste facility of destination.
- 4.4 The permit holder shall use a docket system to compile the records as outlined in condition 4.3. An individual docket record shall accompany each waste load on the vehicle that the waste docket refers to until control of the waste is transferred to an authorised facility specified in Appendix B of this permit. The permit holder shall also maintain up-to-date summaries of the information in condition 4.3 in respect of waste collected by the permit holder in each calendar month. The dockets/records must be maintained at the principal place of business for a period not less than 7 years. These records shall be available for inspection at the principal place of business during normal working hours by authorised officers of any relevant local authority and any other person authorised under Section 14 of the Waste Management Acts 1996 to 2010. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by Limerick County Council.
- 4.5 The permit holder shall, not later than 28th February in each year furnish to Limerick County Council an Annual Environmental Report (AER) in respect of waste collection activities carried out by the permit holder in the preceding calendar year. The AER shall be a summary of the records maintained under Condition 4.4 of the permit. The AER shall contain the following information, in summary form, in respect of waste collected by the permit holder in the preceding calendar year:
- (i) Local Authority area of origin of waste
 - (ii) Point of collection - household or commercial premises
 - (iii) EWC Codes, indicating whether or not the waste is hazardous
 - (iv) Waste Description
 - (v) Quantity of each waste type collected (in tonnes)
 - (vi) Destination of waste (i.e. authorised facility name and address)
 - (vii) Waste licence, permit or certificate of registration register reference number of facilities to which waste is delivered.
 - (viii) Country of destination (if exported abroad for treatment)

- (ix) The nature of the activity carried on at the waste facility to which waste is delivered (i.e. Disposal or recovery)
- (x) The total number of households served with kerbside collection for residual, mixed dry recyclable and organic wastes from which the permit holder collected waste per each local authority functional area.

The information specified above shall be filled in on-line using the electronic Annual Environmental Report form. The website address for the relevant report form, a username and password shall be provided by Limerick County Council. The completed electronic form shall be submitted by the 28th February each year in respect of the preceding calendar year to Limerick County Council unless otherwise agreed in writing with Limerick County Council.

The information specified above shall be used to produce community statistics on the generation, recovery and disposal of waste as set out by Regulation (EC) 2150/2002.

- 4.6 A copy of all correspondence sent to and received from Limerick County Council regarding this waste collection permit shall be kept at the address of the principal place of business for at least seven years following the date on which the correspondence is sent or received respectively and shall be made available for inspection by any authorised person.
- 4.7 All communications from the permit holder to Limerick County Council shall be addressed in writing by the permit holder to the following address: Regional Waste Management Office, Limerick County Council, Lissanalta House, Dooradoyle, Co Limerick or by email to collectionpermits@limerickcoco.ie. This condition does not apply in respect of the Annual Environmental Report as described in Condition 4.5.

5. CHARGES AND FINANCIAL PROVISIONS.

- 5.1 The permit holder shall defray or contribute towards any costs as may reasonably be incurred by Limerick County Council or any relevant local authority as prescribed in articles 14 and 20(3)(d), other than required under article 8 in accordance with the third schedule of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008, and which costs shall not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.

- 5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring him or her as respects any liability on his or her part to pay damages or costs on account of injury to person or property arising from the activities concerned.

- 5.3 Without prejudice to the foregoing, the minimum level of indemnity to be maintained by the permit holder shall be to the value of €6,500,000 for Public Liability Insurance including cover for sudden and unforeseen pollution and €6,500,000 for third party property damage Motor Insurance. In both cases noting an indemnity to all Local Authorities in the Republic of Ireland.

6.0 CONDITIONS SPECIFIC TO WASTE TYPES

6.01 COMMERCIAL AND INDUSTRIAL WASTE

6.01.01

The permit holder shall, in accordance with this permit and in particular in accordance with the provisions of Condition 2.7 hereof, implement and maintain a separate system for kerbside collection of dry recyclables from commercial and industrial premises. The dry recyclable collection shall include materials listed in Appendix D.

6.01.02

Source separated waste shall not be mixed or remixed during collection and shall be kept free of contamination.

6.01.03

Where residual waste is collected in the Limerick/Clare/Kerry Region, a separate system for kerbside collection of organic waste from commercial and industrial premises shall be commenced by 1st January 2009 and be implemented by 2010 in accordance with the attached schedule Table 2. Details of compliance with the requirements of Table 2 of the Schedule shall be submitted in writing at the request of Limerick County Council

6.01.04

The permit holder shall provide separate receptacles for packaging waste, which have been segregated in accordance with the Waste Management (Packaging) Regulations, 2007 or as amended, and in accordance with the packing directive 94/62/EC as amended by Directive 2004/12/EC of the European Parliament and of the Council of 11 February 2004.

6.01.05

The permit holder shall not collect packaging waste for disposal from a producer, without first receiving a written declaration as required under article 31(1)(b) of the Waste Management (Packaging) Regulations, 2007 or as amended.

6.01.06

The permit holder shall ensure that food waste is collected, treated and recycled in accordance with the Waste Management (Food Waste) Regulations S.I. No. 508 of 2009.

6.02 CONSTRUCTION AND DEMOLITION WASTE

6.02.01

The permit holder shall not mix or remix source-segregated construction and demolition wastes during collection and transport to ensure compliance with national targets for the recovery, recycling and re-use of construction and demolition wastes.

6.02.02

The permit holder shall, where appropriate, ensure that loads containing dry, fine, materials are properly covered (closed or sheeted) or sprayed prior to transport to prevent nuisance

6.02.03

The permit holder shall ensure that no waste is deposited on the public road during the collection and transportation of the waste.

6.02.04

The permit holder shall not collect soil and stones containing hydrocarbons or dangerous substances unless specifically permitted in accordance with Condition 1.3 and as listed in Appendix A of this permit, or such latter revision(s).

6.02.05

The permit holder shall ensure that no pollutants or other waste types are allowed to contaminate loads destined for recovery, recycling or reuse. The permit holder shall transfer contaminated loads to authorised facilities where segregation/treatment can be carried out.

6.02.06

Collection of construction and demolition wastes that are hazardous in nature is additionally subject to the conditions specified for hazardous wastes

6.02.07

The permit holder shall only transfer the control of gypsum wastes to an authorised person for recovery or for disposal in accordance with the Council Decision of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex to Directive 1999/31/EC [2003/33/EC].

6.03 END OF LIFE VEHICLES

6.03.01

The permit holder shall ensure that all vehicles used for the collection and transportation of end-of-life vehicles (ELVs) shall be of such design to prevent spillage and leakage of end of life vehicle fluids and in any event carry adequate stocks of spill kits (including oil absorbent materials, pillows and blankets) to deal with any spillage's of end of life vehicle fluids that may occur during transport.

6.03.02

The permit holder shall ensure that all vehicles used for the collection and transportation of ELVs shall carry an adequate number of fire extinguishers to deal with any fires that may occur during transport. Any fire shall be treated as an incident and reported as per Condition 4.2

6.03.03

The permit holder shall only use mobile car balers for the collection of ELVs containing neither liquids nor other hazardous components. The collection permit holder shall not crush hazardous ELVs using mobile car balers prior to treatment and de-pollution.

6.03.04

The permit holder is prohibited from collecting ELVs in a waste collection vehicle with other metal waste

6.03.05

The permit holder shall only use tow trucks to transport ELVs that are intact and not leaking liquids or hazardous fluids and which have not been crushed or baled.

6.03.06

The permit holder shall ensure that all ELV's collected are transported to an authorised facility in compliance with the Waste Management (End of Life Vehicles) Regulations 2006 (S.I. 282 of 2006) and in accordance with the provisions of Council Directive 2000/53/EC as amended by Council Directive 2005/673/EC.

6.03.07

Where applicable, the permit holder shall submit, to the authorised treatment facility, the vehicle's vehicle registration certificate/vehicle licensing certificate/ vehicle log-book and a letter of authorisation from the registered owner stating they are acting on behalf of the registered owner

6.04 HAZARDOUS WASTE (note includes waste asbestos, waste batteries, hazardous and non-hazardous healthcare wastes).

6.04.01

The permit holder shall not mix hazardous waste with other hazardous or non-hazardous waste types prior to or during collection and transportation.

6.04.02

The permit holder shall maintain records of all hazardous waste movements and shall comply with the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), the Council Directive 91/689/EEC with the Waste Management (Transfrontier Shipment of Waste) regulations, 2007(S.I. No. 419 of 2007) and with Council Regulation (EU) No. 1013/2006 of 14th June 2006 on the supervision and control of shipments of waste within, into and out of the European Community. Accordingly, no movement of hazardous waste from point to point within the state should take place without a C1 form being completed. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted three days in advance of individual shipments taking place.

6.04.03

A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the

requirements of the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998).

6.04.04

The permit holder shall ensure that all movements of hazardous waste comply with the requirements of the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.04.05

The permit holder shall ensure that all receptacles used for the collection of hazardous waste are clearly identified as containing hazardous waste. The Permit holder shall also be aware of the labelling requirements for transporting hazardous wastes under the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.04.06

The Permit holder shall include in their emergency response procedure a backup plan (called the rejection procedure) to deal with an event that a hazardous waste load is rejected at an authorised facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per Condition 4.2.

6.04.07

All vehicles used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste. If vehicles are to be used for the collection of any other waste types, they shall be decontaminated at an appropriate facility prior to use.

6.04.08

Where the permit holder collects waste containing asbestos fibres or dust care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.

6.04.09

Where a permit holder collects waste containing ozone depleting substances care must be taken to ensure that the waste is collected and stored in accordance with Regulations (EC) No. 2037/2000, as amended by Council Regulations (EC) No.'s. 2038/2000, 2039/2000, 1804/2003, Commission Regulation (EC) No. 2077/2004, Commission Regulation (EC) No. 29/2006 and Commission Regulation (EC) No. 1784/2006.

6.04.10

Where a permit holder collects waste containing fluorinated greenhouse gases care must be taken to ensure to that the waste is collected and stored in accordance with Regulation (EC) No. 842/2006.

6.04.11

Where a permit holder collects waste containing persistent organic pollutants care must be taken to ensure that the waste is collected and stored in accordance with Regulation (EC) No 850/2004 of the European Parliament and the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC, as amended by Council Regulation (EC) No. 1195/2006 and Council Regulation (EC) No. 172/2007.

6.05 HOUSEHOLD WASTE (excluding bulky goods)

6.05.01

The permit holder shall ensure that the recyclable fraction and biodegradable fraction of the household waste is separately collected in its entirety, kept free of contamination, not remixed and transferred to a suitable authorised facility as listed in Appendix B of this permit, or such latter revision(s)

6.05.02

The colour of the bins used for the collection of household waste (residual, dry recyclable and organic bins) shall comply with the National Strategy on Biodegradable Waste (April 2006), unless otherwise agreed in writing with the Nominated Authority.

i.e.

BIN TYPE	COLOUR
Residual Waste	Black OR grey OR red
Recyclable Waste	Blue OR bin with blue lid
Organic Waste	Brown

6.05.03 PAY BY USE

Household waste shall only be collected in accordance with a Pay by Use system from the date of grant of this permit. To comply with this requirement a Pay by Lift, Pay by Tag, Pay by Weight system is acceptable. Systems relying solely on a fixed charge based on bin size with no user charge at all are not acceptable. The system shall provide a clear explanation of the calculation of the waste charge and should provide an incentive for the customer to minimize residual waste. The permit holder shall forward a breakdown of the waste charge to the customer with the invoice or prior to renewal of contract and in any event at intervals not greater than six-month. This breakdown must identify in particular the proportional element of the charge and in cases where Pay by Weight is being used the weight per lift shall be included. In cases of Pay by Lift or Pay by Tag systems, the record of the number of lifts shall be included. All other charges should also be clearly identified on the invoice.

Details of the requirement for a Pay by Use system shall be submitted in writing for confirmation of compliance with this permit to the nominated authority within 6 weeks of the grant of this permit.

The permit holder shall notify Limerick County Council in advance of any proposal to increase the level of fees charged to householders for waste collection services

provided.

No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the Pay by Use system of the permit holder is in compliance with this permit.

6.05.04 DRY RECYCLABLE COLLECTION

No household waste shall be collected unless a separate dry recyclable collection system is in place. Dry Recyclables shall only be collected in bins in accordance with the criteria set out Section 3 of this permit thereafter. The dry recyclable collection shall include materials listed in Appendix D.

Details of this requirement for a separate dry recyclable collection system shall be submitted in writing for confirmation of compliance with this permit to the nominated authority within 6 weeks of the grant of this permit.

The ease of use and the extent to which it encourages the householders to divert waste from landfill and towards high quality recycling are some of the more important criteria that will be used by the nominated authority to assess suitability of the separate dry recyclable collection.

The minimum criteria for approval of the separate dry recyclable collection are as follows: -

- The dry recyclable capacity offered must be at least equal to the residual waste capacity offered
- The separate dry recyclable capacity must be available to the householder at the commencement of the contract with the householder
- The collection system must facilitate ease of use for the householder
- The collection must not be a source of littering
- The collection system must provide an incentive for the householder to recycle.

No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the dry recyclable collection system of the permit holder is in compliance with this permit.

6.05.05 RESIDUAL WASTE

Residual waste shall only be collected in bins unless other wise agreed with the local authority. Where a permit holder has an approved Pay by Use system, which includes the use of bags for residual waste, these bags must only be collected in bins as per the criteria outlined in Section 3 of this permit.

Residual Waste may only be collected by previous arrangement with a householder. It shall be the responsibility of the permit holder to inform the

customer about collection arrangements. Prior to collection the waste shall be stored within the curtilage of the customer's dwelling or in accordance with Waste Presentation Bye-Laws.

6.05.06 ORGANIC WASTE

Permit Holders will only be permitted to collect household waste after 1st September 2009 where a separate organic waste collection system, which complies with the requirement of Table 1 of the Schedule is in place. Details of the requirement for a separate organic waste collection system must be submitted in writing for confirmation of compliance with this permit to the nominated authority within six weeks of the grant of this permit. Subsequent phases must be submitted three months in advance of the target deadline.

Organic waste collections must initially focus on suitable urban and suburban areas and medium to large towns as listed in Table 3 of the Schedule. (medium to large towns are described as those with a population over 800 persons see Table 5 CSO 2006)

Organic waste shall only be collected in bins in accordance with the criteria in Section 3 of this permit.

The charging system for organic waste shall incentivise households to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment.

Where a waste contractor intends to provide a collection service for a householder who has an existing segregated organic collection, then this contractor must provide the equivalent segregated organic collection to householder unless otherwise agreed in writing with the Local Authority.

No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the organic waste collection system of the permit holder is in compliance with the permit.

6.05.07 EDUCATION AND AWARENESS

The permit holder shall notify Limerick County Council and all persons availing of their domestic waste collection activities of the frequency of collection, a minimum of 10 working days in advance of any alternative arrangements made for collection in relation to public holidays etc or any proposal to cease or reduce the level of collection.

The permit holder shall implement an education and awareness programme in relation to waste management for householders. The programme shall be submitted to the nominated authority for review and approval within six weeks of the grant of this permit.

The programme shall include, unless otherwise agreed with Limerick County Council:

-Timetable for implementation of the education and awareness programme including a door-to-door campaign initially targeting customers moving to segregated organic collection.

-This segregated organic collection must be a four month awareness campaign commencing on the 1st May 2009 and should focus on what should be included in the organic bin and what will contaminate an organic bin.

-Details of mail-shots and leaflet drops at least two per annum of which one must deal with dry recyclable and these should be forwarded to customer with invoice run.

-Details of newspaper advertisements of which one must deal with the additional waste materials accepted following the Christmas period. The size of this ad must be of the order of 8" x 3".

-Details of a customer help-line including details of staff training.

-Procedures for rejected/contaminated materials.

The permit holder shall send a copy of all promotional material to the Environment Department, Limerick County Council, County Hall, Dooradoyle, Co. Limerick.

6.06 SLUDGES/SLURRIES AND SEPTIC TANK WASTE

6.06.01

Sludges, including septic tank sludge and sludges whose recovery is exempt from the requirement to hold a waste licence under Section 39 of the Waste Management Acts 1996 to 2010 by virtue of Section 51(2)(a) of the Act, shall only be spread on landbanks with a nutrient management plan approved by the local authority that has administrative authority in respect of the lands on which it is to be spread. The Permit Holder shall ensure that the spreading of sludges on landbanks is carried out in accordance with current guidelines, codes of practice and relevant legislation including the European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2009 (S.I. 101 of 2009). Septic tank sludge may alternatively be deposited at an authorised facility. For the purpose of this condition a landbank covers lands used for spreading or treating waste with a consequential benefit for an agricultural activity or ecological system

6.06.02

The permit holder shall ensure where wastes collected originate from an Integrated Pollution Prevention and Control (IPPC) licensed facility, that the waste shall be transported to authorised facilities which are either:

- governed in accordance with the Conditions of the IPPC licence and where written agreement has been received from the Environmental Protection Agency, OR
- operated in accordance with a Nutrient Management Plan as approved in writing

by the relevant Local Authority under Section 66 of the Waste Management Acts 1996 to 2010 and the European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2009 (S.I. 101 of 2009)

6.06.03

The permit holder shall be familiar with the requirements placed on holders of waste arising from bye-laws made by any of the local authorities listed in the cover page of this permit under Section 21 of the Local Government (Water Pollution) Act, 1990 and shall keep a copy of all such bye-laws at the address of the principal place of business. The permit holder shall not spread waste on lands unless it is in accordance with the requirements of the bye-laws in force in the local authority area concerned.

6.07 WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT

6.07.01

The permit holder shall ensure that Waste Electrical and Electronic Equipment (WEEE) is collected, treated and recycled in accordance with the WEEE Directive 2002/96 EC as amended by Directive 2003/108 EC.

6.07.02

WEEE shall only be collected, handled, transported and stored in a manner so as to avoid damage that would prevent equipment or components from being reused, recycled or recovered. The permit holder shall transport fluorescent tubes in suitable containers to prevent damage in transit.

6.07.03

WEEE shall only be transported to a designated civic amenity site, collection point or authorised facility in accordance with Condition 2.3.

6.07.04

Where Waste Electrical and Electronic Equipment (WEEE) collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the permit holder shall adhere to the special conditions relating to collection of hazardous waste.

6.07.05

The permit holder shall not crush hazardous WEEE or remove hazardous substances and components prior to treatment and de-pollution.

6.08 WASTE OILS (mineral oil and synthetic oil)

6.08.01

All loading, unloading and storage of waste oils shall take place within the designated areas of any facilities, which shall be adequately bunded to ensure that any spillages that occur are retained and returned for reprocessing.

6.08.02

Waste oils shall be collected, handled, transported and stored in a manner so as to minimise the risks of contamination to all environmental media or endangerment to the general public and their health in accordance with Council Directive 75/439/EEC as amended by Council Directive 87/101/EEC.

6.08.03

All oily waters collected with the waste oil shall be transferred with the waste oil to the authorised facility.

6.08.04

Where the permit holder proposes to collect waste oils containing PCB's within the meaning of EU Directive 96/59/EC the collector must not mix the contaminated waste oil with other non-hazardous waste nor with other hazardous and/or toxic waste within the meaning of directive 91/689/EEC waste.

6.08.05

Where waste oil collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC) the permit holder shall adhere to the special conditions relating to collection of hazardous waste

6.09 BATTERIES AND ACCUMULATORS

6.09.01

Batteries and accumulators shall only be collected, handled, transported and stored in a manner so as to avoid damage that would prevent equipment or components from being reused or recovered in accordance with Council Directive 91/157/EEC on batteries and accumulators (as amended by Commission Directive 93/86/EEC and by Commission Directive 98/101/EC) and by Council Directive 2006/66/EC on batteries and accumulators and waste batteries and accumulators and repealing Directive 91/157/EEC.

6.09.02

Where batteries and accumulators collected by the permit holder are of a hazardous nature as defined in the European Waste Catalogue (EWC) the permit holder shall adhere to the conditions relating to the collection of hazardous waste.

6.09.03

Where the permit holder is collecting batteries or accumulators independently of an obligated producer or approved scheme a record of the quantities, by weight or, as appropriate, by number of units, and categories of batteries shall be maintained in accordance with Article 29 of the Waste Management (Batteries and Accumulator Regulations 2008 (S.I. No 268 of 2008)).

6.09.04

Batteries and accumulators shall only be transported to a designated civic amenity site, collection point or authorised facility in accordance with Condition 2.3.

6.10 WASTE TYRES

6.10.01

In accordance with the Waste Management (Tyres and Waste Tyres) Regulations 2007 and any subsequent amendments the permit holder shall either register with each local authority in whose functional area they collect or intend to collect waste tyres in accordance with the provisions of Part IV of the Regulations, OR become a member of an approved body established in accordance with the provisions of Part VII of the Regulations

6.10.02

The permit holder may only supply waste tyres to person(s) in accordance with Article 17 of the Waste Management (Tyres and Waste Tyre) Regulations 2007 (S.I. 664 of 2007).

6.11 ANIMAL BY-PRODUCTS

6.11.01

Where the permit holder collects waste animal by-products, the collection, transport, storage, handling, processing, disposal and export of waste animal by-products shall be done in accordance with the rules set out in Regulation (EC) No. 1774/2002 as amended by Regulation (EC) No. 808/2003.

6.12 INCINERATION WASTE

6.12.01

The permit holder shall transport dry residues in the form of dust, such as boiler dust and dry residues from the treatment of combustion gases, in such a way as to prevent dispersal in the environment e.g. in closed containers in accordance with Article 9 of Directive 2000/76/EC of the European Parliament and of the Council of 4 December 2000 on the Incineration of Waste.

6.13 BULKY MUNICIPAL WASTE

6.13.01

The Permit Holder is permitted to collect municipal bulky waste items of municipal waste for recovery, reuse, recycling or disposal, that are generally too large to be accommodated in a 240 litre wheeled bin.

The permit holder shall only collect bulky waste items by previous arrangement with the customer. It is the responsibility of the permit holder to inform the customer about the collection arrangements and unless the permit holder has an alternative written agreement with Limerick County Council arrangements must include an instruction for the customer to store the bulky waste items within the curtilage of their premises prior to collection.

7.0 REGIONAL SPECIFIC CONDITIONS

7.01

CONNAUGHT REGION

COMMERCIAL AND INDUSTRIAL AND MUNICIPAL WASTE

7.1.1 Permit Holders will only be permitted to collect commercial, industrial & municipal waste after 1st September 2009 where a separate organic waste collection system, which complies with the requirement of Table 1 of the Schedule, is in place. Details of compliance with the requirement for a separate organic waste collection system must be submitted in writing to the nominated authority for approval within six weeks of the grant of this permit. Subsequent phases must be submitted three months in advance of the target deadline.

Organic waste shall only be collected in bins in accordance with the criteria in Section 3 of this permit. The charging system for organic waste shall incentivise businesses to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment. No commercial, industrial or municipal waste may be collected six months after issue of this permit unless the nominated authority has approved, in writing the organic waste collection system of the permit holder.

7.1.2 The Permit Holder shall not collect materials containing hazardous waste, unless specifically permitted in accordance with Condition 1.2 and as listed in Appendix A. Where source segregation has not taken place, each waste load collected shall be treated as hazardous waste.

DOMESTIC AND HOUSEHOLD WASTE

7.1.3 Residual waste shall only be collected in bins unless otherwise agreed with the Nominated Authority; such agreement will only be forthcoming where it is satisfied that the internal layout of the housing is such so as to prevent the use of a wheeled bin. Where a permit holder has an approved Pay by Use system, which includes the use of bags for residual waste, these bags must only be collected in bins as per the criteria outlined in Section 3 (conditions governing Skips, bin types etc) of this permit. Residual Waste may only be collected by previous arrangement with a householder. It shall be the responsibility of the permit holder to inform the customer about collection arrangements. Prior to collection the waste shall be stored within the curtilage of the customer's dwelling or in accordance with Waste Presentation Bye-Laws.

7.1.4 Permit Holders will only be permitted to collect household waste after 1st September 2009 where a separate organic waste collection system, which complies with the requirement of Table 1 of the Schedule, is in place.

Details of compliance with the requirement for a separate organic waste collection system must be submitted in writing to the nominated authority for approval within six weeks of the grant of this permit. Subsequent phases must be submitted three months in advance of the target deadline.

Organic waste shall only be collected in bins in accordance with the criteria in Section 3 of this permit.

The charging system for organic waste shall incentivise households to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment.

No household waste may be collected six months after issue of this permit unless the nominated authority has approved, in writing the organic waste collection system of the permit holder.

TABLE 1

Date	Target
Upon issue of permit	The permit holder shall provide segregated organic collection to 20% of Households serviced by the permit holder.
1 st June 2010	100% of Commercial & Industrial premises served by the permit holder shall be provided with a segregated organic collection system
31 st Dec 2010	40% of Households served by the permit holder shall be provided with a segregated organic collection system

7.02

CORK REGION

7.2.2 Within 1 month of the date of grant of this permit, the Permit Holder shall register on Cork County Council's Sewage Sludge Register System. The Permit Holder shall record specific details of each consignment of sewage sludge (as defined under the Waste Management (Use of Sewage Sludge in Agriculture) Regulations 1998 as amended) which he/she/it transports within Co. Cork and shall input these details into Cork County Council's central electronic database via the internet on a monthly basis unless otherwise agreed in writing with Cork County Council.

7.03

DONEGAL REGION

THERE ARE NO REGIONAL SPECIFIC CONDITIONS

7.04

DUBLIN REGION

7.4 Dublin

The following conditions apply for the collection of wastes in the functional areas of Dublin City Council, Dun Laoghaire Rathdown County Council, Fingal County Council and South Dublin County Council, hereafter known as the Dublin Region.

These conditions are without prejudice to any appeal that may be taken in respect of the judgements of Mr Justice McKechnie, High Court Record Nos. 420JR/2008, 460JR/2008 and others, and to the outcome of any such appeal.

7.4.1 The permit holder shall ensure that all, or such specified proportion, of waste or a type thereof, collected by the permit holder in the local authority areas of the Dublin Region is delivered to and deposited with and treated and/or reused and/or recovered and/or recycled at such tier(s) in the EU Waste Hierarchy as specified in the Waste Management Plan for the Dublin Region 2005-2010 (as may be varied or replaced from time to time) so designated by the relevant local authority in whose functional areas the waste collection activities are being carried out. The permit holder may treat any such tier designated by the local authority to include all higher tiers within the EU Waste Hierarchy.

7.4.2 The permit holder shall only be permitted to carry out waste collection activities in accordance with the policies and objectives of the Waste Management Plan for the Dublin Region 2005-2010 (as may be varied or replaced from time to time)

7.4.3 The permit holder shall notify Dublin City Council in advance of any proposed change to the nature, focus or extent of the waste collection activities in the Dublin Region.

7.4.4 The permit holder shall not collect glass co-mingled with other dry recyclable wastes from domestic premises in the dry recyclable bin. The policy of the Dublin Region for the collection of glass from domestic premises in terms of environmental performance and ranking is as follows:

- (a) Bring banks (with separate banks for clear, green and brown glass)
- (b) Kerbside collection of glass with colour separation at source

7.05

KILDARE REGION:

Kildare Household Waste Conditions

7.5.1 The permit holder shall ensure that a separate system for kerbside collection of organic waste from households (in urban areas) shall be implemented

in 2010 to achieve the targets in the EU Landfill Directive (1999/31/EC) for Diversion of Biodegradable Waste from Landfill.

Details on the collection of organic waste from households shall be submitted in writing to Kildare County Council by the 31st December each year.

7.5.2 The permit holder shall provide any apartment complexes it collects from with a source separated collection system in accordance with the policy objectives of the Waste Management Plan for County Kildare and any variation thereof. Separate wheelie bins are to be provided for the source separate collection of dry recyclables and mixed residual wastes.

7.5.3 Permit holders collecting from apartment complexes are required to provide a separate collection of organic waste provided the waste storage arrangements at the apartment complex are suitable. The permit holder is required to complete a suitability assessment of each apartment complex from which the permit holder collects. Guidance on the nature of the assessment to be undertaken is provided in the EPA Report, Organic Waste Management in Apartments (2005-WRM-DS-23-M1), and the permit holder shall submit details of the assessment to Kildare County Council for review and approval.

Kildare Commercial and Industrial Waste Conditions

7.5.4 Where the permit holder provides for the collection of commercial and or industrial waste they shall provide a source separate collection system in the County of Kildare in accordance with the policy objectives of the Waste Management Plan for County Kildare and any variations thereof.

7.5.5 Where the permit holder provides a commercial or industrial premises with a door-to-door collection service for residual waste they shall make available to that premises a separate collection service for dry recyclable wastes from the date of grant of this permit.

7.5.6 The permit holder shall ensure that a separate system for kerbside collection of organic waste from commercial and industrial premises shall be implemented by 2010 to achieve the targets in the EU Landfill Directive (1999/31/EC) for Diversion of Biodegradable Waste from Landfill.

Details on the collection of organic waste shall be submitted in writing to Kildare County Council by the 31st December each year.

7.5.7 The charging system for organic waste shall incentivise businesses to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment.

7.06
MIDLANDS REGION

THERE ARE NO REGIONAL SPECIFIC CONDITIONS

7.07
NORTH EAST REGION

THERE ARE NO REGIONAL SPECIFIC CONDITIONS

7.08
SOUTH EAST REGION

7.1The permit holder shall note the policy of the Joint Waste Management Plan for the South East Region that residual waste collected within the Region will, in time, be directed under the Waste Management (Collection Permit) Regulations or other appropriate regulatory or enforcement measures to a nominated facility/facilities in accordance with law. In line with Government policy and targets to divert residual waste from landfill it is intended that a nominated facility for residual waste in accordance with this policy will be an integrated waste facility incorporating thermal treatment and energy recovery, such facility being developed in accordance with the Joint Waste Management Plan for the South East Region

7.2The permit holder shall notify Kilkenny County Council in advance, within a period of not less than 1 month, of any proposal to alter/extend the materials for separate collection of dry recyclables under 6.3.4.1 and shall obtain approval in writing before implementing such alteration/extension.

7.09
WICKLOW REGION

THERE ARE NO REGIONAL SPECIFIC CONDITIONS

Appendix A

PERMITTED WASTE TYPES IN ACCORDANCE WITH CONDITION 1.2

Please note that there may be restrictions to collecting certain waste types in some regions. Where applicable, please refer to Section 7 where the conditions are divided specifically for each region.

02 WASTES FROM AGRICULTURE, HORTICULTURE, AQUACULTURE, FORESTRY, HUNTING AND FISHING, FOOD PREPARATION AND PROCESSING

02 01 wastes from agriculture, horticulture, aquaculture, forestry, hunting and fishing

02 01 03 plant-tissue waste

02 01 10 waste metal

02 02 wastes from the preparation and processing of meat, fish and other foods of animal origin

02 02 04 sludges from on-site effluent treatment

02 03 wastes from fruit, vegetables, cereals, edible oils, cocoa, coffee, tea and tobacco preparation and processing; conserve production; yeast and yeast extract production, molasses preparation and fermentation

02 03 04 materials unsuitable for consumption or processing

02 03 05 sludges from on-site effluent treatment

02 04 wastes from sugar processing

02 04 03 sludges from on-site effluent treatment

02 05 wastes from the dairy products industry

02 05 02 sludges from on-site effluent treatment

02 06 wastes from the baking and confectionery industry

02 06 03 sludges from on-site effluent treatment

02 07 wastes from the production of alcoholic and non-alcoholic beverages (except coffee, tea and cocoa)

02 07 05 sludges from on-site effluent treatment

03 WASTES FROM WOOD PROCESSING AND THE PRODUCTION OF PANELS AND FURNITURE, PULP, PAPER AND CARDBOARD

03 03 wastes from pulp, paper and cardboard production and processing

03 03 05 de-inking sludges from paper recycling

03 03 11 sludges from on-site effluent treatment other than those mentioned in 03 3 10

07 WASTES FROM ORGANIC CHEMICAL PROCESSES

07 05 wastes from the MFSU of pharmaceuticals

07 05 12 sludges from on-site effluent treatment other than those mentioned in 07 05 11

07 06 wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics

07 06 12 sludges from on-site effluent treatment other than those mentioned in 07 06 11

09 WASTES FROM THE PHOTOGRAPHIC INDUSTRY

09 01 wastes for the photographic industry

Appendix A

PERMITTED WASTE TYPES IN ACCORDANCE WITH CONDITION 1.2

Please note that there may be restrictions to collecting certain waste types in some regions. Where applicable, please refer to Section 7 where the conditions are divided specifically for each region.

09 01 07 photographic film and paper containing silver or silver compounds

11 WASTES FROM CHEMICAL SURFACE TREATMENT AND COATING OF METALS AND OTHER MATERIALS; NON-FERROUS HYDRO-METALLURGY

11 05 wastes from hot galvanising processes

11 05 01 hard zinc

11 05 02 zinc ash

12 WASTES FROM SHAPING AND PHYSICAL AND MECHANICAL SURFACE TREATMENT OF METALS AND PLASTICS

12 01 wastes from shaping and physical and mechanical surface treatment of metals and plastics

12 01 01 ferrous metal filings and turnings

12 01 03 non-ferrous metal filings and turnings

12 01 21 spent grinding bodies and grinding materials other than those mentioned in 12 01 20

15 WASTE PACKAGING; ABSORBENTS, WIPING CLOTHS, FILTER MATERIALS AND PROTECTIVE CLOTHING NOT OTHERWISE SPECIFIED

15 01 packaging (including separately collected municipal packaging waste)

15 01 01 paper and cardboard packaging

15 01 02 plastic packaging

15 01 03 wooden packaging

15 01 04 metallic packaging

15 01 05 composite packaging

15 01 06 mixed packaging

15 01 07 glass packaging

16 WASTES NOT OTHERWISE SPECIFIED IN THE LIST

16 01 end-of-life vehicles from different means of transport (including off-road machinery) and wastes from dismantling of end-of-life vehicles and vehicle maintenance (except 13, 14, 16 06 and 16 08)

16 01 03 end-of-life tyres

16 01 04* end-of-life vehicles

16 01 06 end-of-life vehicles, containing neither liquids nor other hazardous components

16 01 07* oil filters

16 01 13* brake fluids

16 01 17 ferrous metal

16 01 18 non-ferrous metal

16 01 19 plastic

16 01 20 glass

Appendix A

PERMITTED WASTE TYPES IN ACCORDANCE WITH CONDITION 1.2

Please note that there may be restrictions to collecting certain waste types in some regions. Where applicable, please refer to Section 7 where the conditions are divided specifically for each region.

16 02 wastes from electrical and electronic equipment

- 16 02 11* discarded equipment containing chlorofluorocarbons, HCFC, HFC
- 16 02 13* discarded equipment containing hazardous components -16 other than those mentioned in 16 02 09 to 16 02 12
- 16 02 14 discarded equipment other than those mentioned in 16 02 09 to 16 02 13

16 06 batteries and accumulators

- 16 06 01* lead batteries
- 16 06 05 other batteries and accumulators

17 CONSTRUCTION AND DEMOLITION WASTES (INCLUDING EXCAVATED SOIL FROM CONTAMINATED SITES)

17 01 concrete, bricks, tiles and ceramics

- 17 01 01 concrete
- 17 01 02 bricks
- 17 01 03 tiles and ceramics
- 17 01 07 mixture of concrete, bricks, tiles and ceramics other than those mentioned in 17 01 06

17 02 wood, glass and plastic

- 17 02 01 wood
- 17 02 02 glass
- 17 02 03 plastic

17 04 metals (including their alloys)

- 17 04 01 copper, bronze, brass
- 17 04 02 aluminium
- 17 04 03 lead
- 17 04 04 zinc
- 17 04 05 iron and steel
- 17 04 06 tin
- 17 04 07 mixed metals
- 17 04 11 cables other than those mentioned in 17 04 10

17 05 soil (including excavated soil from contaminated sites), stones and dredging spoil

- 17 05 03* soil and stones containing dangerous substances
- 17 05 04 soil and stones other than those mentioned in 17 05 03

17 06 insulation materials and asbestos-containing construction materials

Appendix A

PERMITTED WASTE TYPES IN ACCORDANCE WITH CONDITION 1.2

Please note that there may be restrictions to collecting certain waste types in some regions. Where applicable, please refer to Section 7 where the conditions are divided specifically for each region.

17 06 01* insulation materials containing asbestos

17 06 04 insulation materials other than those mentioned in 17 06 01 and 17 06 03

17 06 05* construction materials containing asbestos -16

17 08 gypsum-based construction material

17 08 02 gypsum-based construction materials other than those mentioned in 17 08 01

17 09 other construction and demolition waste

17 09 04 mixed construction and demolition wastes other than those mentioned in 17 09 01, 17 09 02 and 17 09 03

19 WASTES FROM WASTE MANAGEMENT FACILITIES, OFF-SITE WASTE WATER TREATMENT PLANTS AND THE PREPARATION OF WATER INTENDED FOR HUMAN CONSUMPTION AND WATER FOR INDUSTRIAL USE

19 01 wastes from incineration or pyrolysis of waste

19 01 02 ferrous materials removed from bottom ash

19 07 landfill leachate

19 07 03 landfill leachate other than those mentioned in 19 07 02

19 08 wastes from waste water treatment plants not otherwise specified

19 08 05 sludges from treatment of urban waste water

19 08 12 sludges from biological treatment of industrial waste water other than those mentioned in 19 08 11

19 08 14 sludges from other treatment of industrial waste water other than those mentioned in 19 08 13

19 10 wastes from shredding of metal-containing wastes

19 10 01 iron and steel waste

19 10 02 non-ferrous waste

19 10 04 fluff-light fraction and dust other than those mentioned in 19 10 03

19 10 06 other fractions other than those mentioned in 19 10 05

19 12 wastes from the mechanical treatment of waste (for example sorting, crushing, compacting, pelletising) not otherwise specified

19 12 02 ferrous metal

19 12 03 non-ferrous metal

19 12 07 wood other than that mentioned in 19 12 06

19 12 12 other wastes (including mixtures of materials) from mechanical treatment of wastes other than those mentioned in 19 12 11

20 MUNICIPAL WASTES (HOUSEHOLD WASTE AND SIMILAR COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL WASTES) INCLUDING SEPARATELY COLLECTED FRACTIONS

20 01 separately collected fractions (except 15 01)

Appendix A

PERMITTED WASTE TYPES IN ACCORDANCE WITH CONDITION 1.2

Please note that there may be restrictions to collecting certain waste types in some regions. Where applicable, please refer to Section 7 where the conditions are divided specifically for each region.

20 01 01	paper and cardboard
20 01 02	glass
20 01 08	biodegradable kitchen and canteen waste
20 01 23*	discarded equipment containing chlorofluorocarbons
20 01 35*	discarded electrical and electronic equipment other than those mentioned in 20 01 21 and
20 01 36	discarded electrical and electronic equipment other than those mentioned in 20 01 21, 20 01 23
20 01 40	and 20 01 35 metals
20 02 garden and park wastes (including cemetery waste)	
20 02 01	biodegradable waste
20 03 other municipal wastes	
20 03 01	mixed municipal waste
20 03 04	septic tank sludge
20 03 07	bulky waste

Appendix B

Permitted disposal or recovery sites to be used in accordance with Condition 2.3

- Caherciveen Waste Transfer Station., Caherciveen, Co. Kerry Licence No.: W087-01
- Gortadroma Landfill., Ballyhahill, Co. Limerick Licence No.: WL00 17-03
- Hegarty Metals (Ballysimon Road)., Ballysimon Road, Limerick Waste Permit: WP 05-04
- Kenmare Waste Transfer Station., Claddanure, Kenmare, Co. Kerry Licence No.: W086-01
- Killarney Waste Disposal, T/A KWD Recycling Ltd., Aughacureen, Killarney, Co. Kerry Licence No. W0 217-01
- Killarney Waste Transfer Station., Coolcaslagh, Killarney, Co. Kerry Licence No.: W072-01
- McGill Environmental Systems (Irl) Ltd. (W0180-01)., Coom, Glenville, Co. Cork Licence No.: W0180-01
- Milltown Waste Transfer Station., Ballyvirrane, Milltown, Co. Kerry Licence No.: W069-01
- North Kerry Landfill., Muing na Minnane, Kielduff, Co. Kerry Licence No.: 1-3
- O'Toole Composting., Rathbawn, Tullow, Co. Carlow Waste Permit: WP 01/07
- Rehab Glassco Ltd., Unit 4, Osberstown Business Park, Carragh Road,, Naas,, Co. Kildare Waste Permit: WFP-KE-09-0357-01
- Rilta Environmental., Block 402, Greenogue Business Park, Rathcoole, Co. Dublin Licence No.: W0192-02

Appendix C

Permitted collection vehicles to be used in accordance with Condition 3.1

03 KY 202
03 KY 4468
04 KY 937
06 KY 3663
07 KY 2000
07 KY 2809
07 KY 457
07 KY 4572
08 KY 3327
09 KY 1476
10 KY 1163

Appendix D

MINIMUM LIST OF WASTE TYPES TO BE INCLUDED IN DRY RECYCLABLE COLLECTION.

Newspapers Magazines, mailshots Office Paper	✓
Cardboard (cereal boxes Washing powder boxes)	✓
Plastic Bottles (drinks, shampoos)	✓
Tetrapaks	✓
Cans Tins (Drinks cans, Tinned Food cans)	✓
Plastic Film/Packaging	✓
Glass(Optional) *	

* Glass must be collected seperately when collected due to its contamination effect on paper waste

TABLE 1**Schedule for segregated organic waste collection for households**

Date	Target
1st September 2009	20% of Households must have segregated organic collection in each local authority area and shall be primarily located the areas listed in Table 3 below
31st Dec 2010	40% of Households must have segregated organic collection in each local authority area and shall be primarily located the areas listed in Table 3 below

*medium to large towns (medium to large towns are describe as those with a population

TABLE 2**Schedule for segregated organic waste collection for commercial collections**

Date	Target
1st January 2009	50% Diversion of Commercial Organic Waste from Landfill
1st January 2010	100% Diversion of Commercial Organic Waste from Landfill

TABLE 3**Schedule of areas to be prioritised for segregated organic waste collections**

Local Authority	Target
Limerick City	All of limerick City excluding areas in North and South side regeneration schemes
Limerick County	Areas covered by the Castletroy and Southern Environs Local Area Plans as well as Newcastle West, Abbeyfeale and Kilmallock
Clare County	Ennis, Suburban Area adjoining Limerick City
Kerry County	Tralee, Killarney, Listowel, Castleisland and Dingle
