New Waste Collection Service Arrangements***21/11/2011******Dear Customer,***

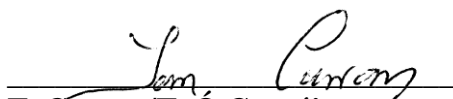

I am writing to inform you that I have sold the Kerry County Council Waste Collection Business to a long established Kerry firm, KWD Recycling. This means that current customers of the Council will transfer over to KWD Recycling on **5th December next.**

The decision to sell was taken after a long and thorough review of the options available to the Council in relation to its Waste Management Business. Unfortunately, our waste collection business has been losing customers and money for some time, and we know that there are further costs coming along in the future to meet higher waste disposal standards. In the circumstances, it would not be viable to stay in the waste collection business.

Kerry County Council is making arrangements to ensure that the transfer of customers to KWD Recycling will be as trouble-free and as smooth as possible. A leaflet is enclosed with this letter which should answer most of the questions you may have. Information is also available at www.kerrybins.ie and at www.kwdkerry.ie

Finally, I would like to thank you on behalf of Kerry County Council for your custom and support over the years.

Is mise le meas,

T. Curran/T. Ó Curráin,
County Manager/Bainisteoir Contae
